The term of the loan is up to five years. However, loan terms of up to ten years may be considered in specific circumstances and on a case by case basis.

8.3 Interest Rate

A variable concessional interest rate will apply for the first five years of the loan, currently 6.28 per cent per annum (as at July 2026). The concessional loan interest rate may be withdrawn and TDR commercial rates may apply if the loan instalments are not paid by the required due date by the loan recipient or the loan purpose becomes non-compliant.

Concessional loan interest rates will return to TDR commercial rates after a period of no more than five years.

In no circumstances can loan recipients redraw on repaid loan amounts or transfer the loan to another property or Agri food Business if the existing property is sold.

Regular financial and operating reporting will be required during the term of the loan. Generally this will encompass an annual review of financial statements and operational budgets.
