Subject: RE: Liberty Bell Bay

Good morning [redacted]
Just want to update you that we're all set. Our systems processing teams have created Department of State Growth as a 'Bill To Party' linked to Liberty Bell Bay.
Given your preference below for the final settlement also to be with the same entity, I will reach out asking for bank account details (likely a couple of supporting documents ne ded).

I have checked with my operations colleague about leaving the invoices as they are. They have suggested text as per below. Please advise if this works.

Next steps:

1. [redacted]to receive email from Jenna as called out in your emai dated 8th Aug
2. [redacted]to send email to LBB confirming arrangements in place with Department of State Growth and advise LBB of shipment details
3. Department of State Growth to arrange for payment to be executed by 14th Aug

Please call me if urgent – always reachable on my mobile.

Thanks for the email and update.

Confirming it would be our preference for the invoice to remain in the name of Liberty Be l Bay, but that all monies would flow from and back into the Department of State Growth.

Happy to discuss further on Monday if necessary.

Actions for me –

- Check with operations (+legal if required), whether we need to edit the invoice and address it to "Department of State Growth" along with having this as the "Bill-To Party" – considering Tasmanian Government's intent to have the final settlement also directly with S32/GEMCO

Can you please confirm the below details –
Name of the Tasmanian Government division that will be making the payment:
Address:
ABN Number:

If there's a letter/document that shows the above details, that will definitely be helpful.

As an update – we have got alignment with our Business Integrity (i.e. Compliance) and Lega teams. We will aim to keep the additional paperwork to a minimum.

It will definitely be easier to have a meeting to discuss some of the details of the execution. Happy to do it at a time of your convenience either today or tomorrow.

Hi [redacted]
Thanks for your below email. This is just a quick note to acknowledge receiving the same. Please allow me some time to discuss internally how best/efficiently we can execute this. As you can imagine, there are some internal frameworks to manage counter arty payments and I'll figure out how to navigate those keeping in mind the time sensitivity.

The amount due can be paid in one total amount. Will get back o you with the bank details you've asked for.

Meanwhile, appreciate if you can hold off on executing any payment till I've got alignment with our Risk, Legal as well as Compliance teams.

Hi [redacted]

As per my recent phone conversation with [redacted] we are organising steps to make payment(s) in relation to the attached invoices in relation to Liberty Bell Bay.

It is our requirement that we make this payment direct to South 32, and if necessary can include our Finance team in any discussions around the best way to manage this.

Happy to catch up at a time to suit if you would like to discuss further.

That aside, we have two specific questions to enable us to make paymen which are:

1. Can the amount due be paid in one total amount, or do you require two separate payments to reflect the individual invoices?

2. Can you please complete the details below to fully co firm your bank details.

Good day [redacted]
Just received advice from our Global Business Services team in South Africa last night –
Due to a system glitch, they were unable to net off the demurrage amount and the payment to Tasmanian Government did not go through yesterday as planned. Unfortunately, the system is also shut for month reconciliation and they are likely to trigger it on Mon, 8th Dec and ar advising that it will be executed on Thu, 11th Dec.

Apologies for the inconvenience caused.

The net payable amount is US$ 826,188.55.

I will follow up with the GBS team when they come online later today and either reconfirm with you the above advise or share any changes.

Hi [redacted]
Trust you've had a good weekend.

As an update and you have probably heard it already – the vessel from GEMCO has berthed and started discharge at Bell Bay. I understand th vessel discharge may be completed by 10th Oct. Usually within 2 weeks of completion of discharge, we will get the results for the Discharge Port (i.e. Bell Bay) and that will help us to assess the quantum of payment from/to either party. Next steps –

- Await discharge por results and S32 to calculate final invoice payment according to the contract via coordination with LBB;
- [redacted] to advise [redacted] of payment amount (if any) and set up a call to confirm the bank account details verbally prior to any payment;
- S32 Supply Chain and Finance teams to execute payment post the above confirmation.

I will reach out post completion of discharge and also the availability of discharge port results.

lease let me know if you have any queries/concerns.

Thanks for advising that the Department of State Growth's banks account is an AUD account.

I have discussed with my finance colleagues, and they have advised as follows –
When S32 executes the payment, Westpac should initiate a message to the Department of State Growth advising that a USD payment is being received and the Department of state Growth can either accept with conversion to the AUD bank account or alternately provide a USD account number with the same bank.

Released under RTI

There appears to be no hindrance for us to execute the payment. I presume the finance team from the Department of State Growth will be accepting the option of receiving the payment with conversion into AUD? If so, I think we are all set. Please let me know.

In any case, as per your previous request, I shall be in touch with yourself prior to executing the payment – to verify bank as well as payment details.

The S32 supply chain team has communicated to LBB yesterday that the laycan (i.e. berthing window at GEMCO) for the vessel to LBB is 21 – 25 Sep. To share a bit of context – this is the standard practice and we estimat[redacted] that the vessel would complete loading by 27th/28th Sep (all going well) and reach LBB in the next ~10 days. While the initial plan had the vessel to LBB as the last vessel in Sep, the team has managed to advance it by a couple of days.

Hi [redacted]

Please see the below confirmation of payment of USD $9,299,527.60 from the Department of State Growth to South32.

It is expected that these funds would be with you tomorrow, however this is dependant on the receiving bank.
